Marks, the public and the trade have come to recognize goods and services offered in conjunction with the ISO Marks as signifying Opposer and the ISO Goods and Services.

5. Notwithstanding the long prior rights of Opposer in the ISO Marks and the ISO Domain Names, Applicant filed an application, Serial No. 79/123,762, for registration of ISOPRO for “financial and monetary affairs, namely, information, advisory, consultancy, research and analysis services relating to finance and investments, mutual funds, private equity funds, and hedge funds, financial indices; financial valuation, financial asset management, financial asset management advisory,” in Class 36. 7. The service mark proposed for registration by the Applicant, ISOPRO, has an overall commercial impression that is very similar to the ISO Marks, is used on or in connection with services closely related to those of Opposer, and is likely to be confused therewith and mistaken therefor. The Applicant mark’s similarity to the ISO Marks will cause confusion as to the origin of Applicant's services provided in connection with Applicant's ISOPRO mark. In addition, the fact that Applicant’s ISOPRO mark is very similar to the ISO Domains adds to the confusion between Opposer and Applicant.

8. If Applicant is permitted to use and register its ISOPRO mark for its services in Class 36 as specified in the application herein opposed, confusion in the trade resulting in damage and injury to Opposer would be caused and would result by reason of the similarity between the Applicant’s ISOPRO mark and the ISO Marks of Opposer. Accordingly, consumers will

associate Applicant's services with those of Opposer, and believe that such services are provided or endorsed by, or otherwise affiliated with, Opposer.

9. Opposer will be damaged if Application Serial No. 79/123,762 should be granted because Applicant will obtain statutory rights in the designation ISOPRO in violation and derogation of the established prior rights of Opposer.

10. If Applicant were to be granted the registration herein opposed, it would thereby obtain at least a prima facie exclusive right to the use of its ISOPRO mark. Such registration would be a source of damage and injury to Opposer.

WHEREFORE, Opposer prays that this Opposition be sustained and that Application Serial No. 79/123,762 for the ISOPRO mark be refused registration for the services therein specified in International Class 36 and for such other relief as may be deemed just and proper.

Respectfully submitted,
